ABOUT RACHEL MORRIS

Decorating and organizing has always been something Rachel has been passionate about and it has always reflected in her homes over the years. She has received many compliments on her decorating style and has often been told that her home could pass as a model.

After running a successful cleaning business for ten years and being trusted by her clients with their homes, Rachel decorated a table for a client using objects the client already had in her home. Her client loved the table transformation and commented how she would have never thought of using these pieces together.

The many compliments over the years and Rachel's passion and love for decorating is now the driving force behind Amazing Spaces Home Staging (ASHS).

Services offered by Amazing Spaces Home Staging

Amazing Spaces Home Staging creates stylish and inviting spaces making your home irresistible to homebuyers in a competitive real estate market. ASHS can assist you through the steps to:

- Declutter and Organize
- Repurpose existing furniture, making the best use of space in new and creative ways
- Staging occupied and vacant homes
- Furniture rental
- Assist with home accessories
- Cleaning services

Not in the market to sell?

ASHS also offers these great services to those who just want to freshen up their home with a home makeover.

If you want to have an advantage over other sellers in this demanding market, contact Rachel with Amazing Spaces Home Staging for all of your home staging and organization needs.

Maryland Home Staging Services:

Charles County, Saint Mary's County, Calvert County and Prince George's County.

AMAZING SPACES HOME STAGING

This dining room felt a bit drab and lacked character. Removed end table that was pushed into a corner, removed magazine rack, hung wall art on walls, used accessories on surrounding furniture and set the table with a beautiful place setting creating an atmosphere that is more appealing to the eye.

Living room was outdated and needed new life. Removed old carpet, furniture and accessories. Replaced the carpet with new laminate flooring, added a fresh coat of paint, along with new furniture, wall hangings and table accessories to create a cozy and inviting space.

Bedroom was empty and boring. Added furniture, window treatments, wall art and table accessories to create a refreshing new update.

Rachel Morris has an Associate's Degree in Business Management and has owned and operated a successful cleaning business for 10 years. She often works with local realtors to help prepare homes to get market ready with post and pre-sale cleanings.

The many compliments over the years and Rachel's passion and love for decorating is now the driving force behind Amazing Spaces Home Staging (ASHS).

If your Maryland house needs to be staged in the Charles County, Saint Mary's County, Calvert County and Prince George's County areas contact Rachel Morris today.
