

DEFINED INTERIOR SPACES LLC

Annika Moore – Tillman is an Interior Designer and certified Home Staging professional. She has had a love for interior design for over 15 years. What set the spark for her interest and later subsequent college career began with a retail career in an upscale designer and specialty merchandise store. While here she realized she could help create warm and inviting spaces with the placement of exquisite furnishings, elegant lighting, stunning mirrors, beautiful art and accessories. Annika took her natural talents for decorating and working with color, excellent organizational skills, and dedication to the highest standards and enrolled in The Art Institute of Pittsburgh as an Interior Design major.

Repeatedly recognized for creative, conceptual, and analytical talents, as an Interior Design student, Annika was able to demonstrate success transforming client needs into beautiful, functional design solutions. She was able to fine tune her design skill capabilities by expanding her knowledge in the following areas, but not limited to:

- Architectural Computer Drafting (AutoCAD) and Architectural Hand Drafting
- Residential Space Planning
- Historical Furniture, Art and Architecture Selection
- Textile Selection and Color Theory Applications
- ADA and Building Code Compliance
- Sustainable Design and Universal Design Applications

DEFINED INTERIOR SPACES LLC

This small living room was a bit drab with mismatched furniture and accessories. The space was also being used for multi-purposes. Defined Interior Spaces LLC upgraded the furnishings and accessories and added color in order to create a cozy and inviting space.

This large living room was heavily cluttered and unbalanced. Seating arrangements was not as functional as traffic patterns in the room significantly impacted the amount of space. Defined Interior Spaces LLC rearranged the furniture, added additional accessories, and removed all personalized items to allow for buyers to imagine themselves in the space.

In this guest bedroom, the room was a bit cold, lacking flair, and age restrictive in its design. Defined Interior Spaces LLC was able to create a space that became warm and welcoming to any age group.
