## Thinking of selling your home?

Your home is likely your biggest investment, so why not get the most out of it? We, at Re-Dzine Interiors help you realise the full potential of your home by highlighting its selling features.

The purchase of a home is an emotional decision. Re-Dzine Interiors will transform your home so that it gives that all important first impression that connects with the emotions of all prospective buyers.

## How Re-Dzine Interiors can maximize the value of your home

The staging process begins with an in home consultation, which lasts for up to two hours. During this time we will do a walk-through of your entire house starting from the outside curb appeal to every room, closet and cabinet in the house, ending with the backyard.

Each area will be analyzed with the critical eye of a buyer. You will be given detailed instructions on how to prepare each space so that it appeals to all types of potential buyers.

If rental furniture or purchase of décor items is required, we can give you an estimated quote at the end of the consultation.

It is entirely up to you if you would like to execute the recommendations yourself, or if you would like Re-Dzine Interiors to transform the spaces for you.

### What Others Say About Re-Dzine Interiors

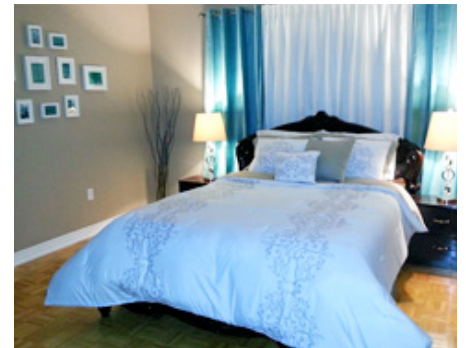

"Our home sold just 6 days after being put on the market and for asking price! We know it was the staging that made it happen." Glenn and Trisha M. – Brampton

"Thank you for your services in home staging. After our home was on the market for nearly 3 months we were thinking of lowering the asking price, but instead decided to try staging it and it worked! Thanks to you we were finally able to sell our home without lowering the price." C. Taglieri – Woodbridge

This empty room looked small and it was hard to see how it could be used to its full potential. With the right choice of furniture and accessories, this space now appears larger and much more inviting. Since the area has a few high schools, the chances of the potential buyers having older children are high and this room is ready to appeal to any young adult.

This room did not look like a master bedroom at all. It lacked everything. Using the homeowner's existing furniture, Re-Dzine Interiors has transformed this space into one that speaks the title "master bedroom." By adding a neutral color of paint, lamps, bedding co-ordinates, a punch of color in the drapery and pictures, this master bedroom is much more inviting.

This bathroom looked cold, lacked character and the walls with original builders paint needed a cleanup. It has been brought alive by giving the baseboards and walls a fresh coat of paint, changing the mirror, cabinet knobs, shower curtain and adding a punch of color through the artwork and red towels.

**SHERRY MULTANI HAS ALWAYS HAD A PASSION FOR DESIGN AND SPACE PLANNING** leading her to study Interior Decorating and Design from Humber College. Sherry is also a graduate of The Staging Diva® Home Staging Business Training Program, created by the international Home Staging expert Debra Gould of Six Elements Inc.

Sherry has over 7 years of work experience in the field of design. She has worked with The Hudson's Bay Company as a Product Merchandiser, creating displays and implementing floor plans. She has also worked with an event décor company assisting with operations from consultations to execution and management of projects. In addition, Sherry has worked with a fashion chain as a District Visual Merchandiser, being responsible for 8 stores to co-ordinate and create a visually aesthetic shopping environment. She continues to live her passion through transforming spaces using her natural skills coupled with educational and work experience.

Your home is the product and Sherry has the skills and experience needed to showcase your property to appeal to all types of buyers.
