Multiple Offers For This Sierra Maison Home Staging Client

"I used Sierra Maison Home Staging to stage my rental home to sell and Michelle did an amazing job. She fully furnished and accessorized my home to help potential buyers see the home's beauty, value, and possibilities. She also selected paint colors for rooms that really needed a face lift and the result was very impressive. On the first day of showing, I got multiple offers and for above asking price. I was impressed with her professionalism and eye for design. Sierra Maison Home Staging will be taking care of all my staging needs from now on." Curtis Colgan

SIERRA MAISON HOME STAGING

With plenty of space, this master bedroom looked cramped. Mismatched furnishings blocked the entry, and the wallpaper was too busy. The owners weren't moving and wanted an update and a red accent wall. Furniture was rearranged to maximize space and create a balance. The drab curtains were replaced with blinds and the walls were painted to create a clean, fresh feeling.

This living room was filled with light, but was devoid of any warmth or comfort. Window coverings, furniture, art, and accessories brought this room to life.

The master bathroom's cultured marble sinks were cracked, the faucets leaked, and the cabinets needed refinishing. With a fresh coat of paint, stock granite counter tops, new sinks, fixtures, and framed mirrors, this bathroom projected a spa-like feel.

MICHELLE HOWARD'S ATTENTION TO DETAIL AND SENSE OF DESIGN WILL PUT THE MAGIC TOUCH ON YOUR HOME.

Michelle received a teaching degree but delayed her pursuit of that career as she became interested in designing and creating stained glass windows. She enrolled in art classes at the University of Alaska and developed her interest and talent in interior décor and began to decorate homes for sale. This was a satisfying and profitable venture, but when the economy collapsed in Juneau in 1987, she needed to sell her home to go where her husband could find work. She sold her 'staged' home within a short period of time and for full price!

After moving to California, she launched her teaching career but continued to buy, stage, and sell homes. For several years she has also purchased investment properties. With so many potential tenants competing for her staged properties, she has been able to get top dollar for these homes and enjoys high-quality long-term tenants who take excellent care of the property, and pay their rent in advance!

Michelle is an experienced and successful home stager and provides expert advice and know-how to help homeowners get their homes sold or rented fast. If you are presently living in your home, Michelle knows how difficult it can be for homeowners to live in a home that is staged to sell. She can offer a variety of solutions that will help you to keep your home showing ready without you going crazy! If you're ready to see how you can market your home to maximize your return, contact Michelle today.
